How to Read the Cards for  
Transformation

When Tarot reader Hyperion Night sent his manuscript, *The Mysteries of Tarot*, to a friend to edit, it was a simple guide to reading Tarot. Hyperion couldn't anticipate that his editor's notes would evolve into a murder mystery, or that his friend would go missing. Shockingly, the annotated manuscript eventually made its way back to Hyperion, who forwarded it to the authorities.

Now this astonishing Tarot guide is available as a book. The Tarot guidebook features:

- Tarot basics—How to manage different interpretations of cards in a spread, how to read court cards, and a clear and simple method for dealing with reversals.
- Detailed card breakdowns—Keywords, flash non-fiction

narratives, and a deep dive into the symbols of each of the 78 cards of the Major Arcana and Minor Arcana.

- Questions to apply to the cards for transforming your life—Insightful questions for each card to help you dig deeper into your Tarot reading practice.

Bonus feature: the guidebook also includes his editor's comments on the more esoteric and philosophical interpretations of the Tarot, as well as his notes on the baffling mystery that engulfed him.

Gain deep insight from the cards, transform yourself, and solve *The Mysteries of Tarot*.

## ABOUT KIRSTEN

# BIOGRAPHY

I write laugh-out-loud, page-turning mysteries for readers who want to escape with real, complex, and flawed but likable characters. If there's magic in the story, it works consistently within the world's rules and is based in history or the reality of current magical practices.

I'm best known for my cozy and witch mystery novels, though I've written steampunk as well and am currently working on a book on Tarot. If you like funny, action-packed mysteries with complicated heroines, just turn the page...

BESTSELLING  
AUTHOR

"A high-voltage, cleverly-spun mystery that I couldn't put down. Riga Hayworth is addictive."

FRESH FICTION

"If you love cozy mysteries and want something just a tad different, *Chocolote à la Murder* is exactly your cup of tea! Kirsten Weiss crafts realistic and likable characters and puts them in intriguing situations. I may never think of chocolate making the same way again!"

ANDI'S BOOK  
REVIEWS

"Quirky characters can make or break your book. I've read other cozies that had some quirky characters that just fell short of the mark for me. But I was completely dedicated to this crazy cast... The situations they find themselves in are completely out-of-this-world and I want to see this played out on a screen somewhere. It's just that much fun."

KIRKUS REVIEWS

"Weiss' many quirky ongoing characters add charm and humor."
